Summary

I am an aspiring Full Stack web developer. I've been practicing and honing my skills in different programming languages such as javascript and php. As well as different web frameworks like Laravel and Vue Js or sometimes React JS. I am trying dive as deep as I can to these web technologies to use its full potential. I can do frontend and backend to develop different applications for both professional and personal use. I invest most of my time in programming because I really want to reach my goal which is to get a job as a Full Stack Web Developer or a Software Engineer.

Experience

I have no actual working experience yet but I guarantee that I've got the skills and dedication.
